

**REMARKS**

In the outstanding Communication, the Examiner indicated that the sequence listing of record does not list the inventors or the priority documents and their filing dates. Applicant is attaching a paper copy of the sequence listing as originally filed amended to reflect the list of inventors and priority documents and filing dates. Applicant requests that this attached sequence listing be entered into the record of the present application. Applicant submits that the attached listing has been compared with the originally filed listing and is identical to the listing as originally filed. No new matter is being entered.

In view of the foregoing amendment to the application and remarks, it is respectfully submitted that the instant application now complies with all the statutory requirements of Title 35 USC, and, therefore, it is earnestly requested that the Examiner's rejection be withdrawn and that the pending claims be passed to issue.

Respectfully submitted  
Attorney for Applicant,
